

[iW1]

Our most affordable.” “For the budget conscience.” “Great value.” These are not words that ooze confidence. More often than not, in fact, it might just be easier to say: “These suck.” Well, our iW1’s don’t suck. Not one teeny bit. We proudly proclaim the iW1’s are everything listed above, in spades. A 2-way in-wall system that is remarkably clear and accurate – made possible by virtue of its (the same quality as its fancy bookshelf cousins) 6.5" long-throw polypropylene woofer and 1" soft-dome tweeter.

[SPECIFICATIONS]

System type:	2-way in-wall loudspeaker
Woofers:	6.5" long-throw polypropylene cone
Tweeter:	1" fluid cooled soft dome - coaxially mounted
Crossover:	2.4kHz, 18dB/octave high-pass, 12dB/octave low pass
Response:	62Hz - 20kHz, +/- 3dB
Sensitivity:	86dB (2.83V@1m)
Impedance:	8 ohms nominal
Recommended Amplifier	
Power:	10W/ch minimum, 100W/ch maximum
Inputs:	2 each professional grade, gold plated spring posts
Weight:	7 lbs
Cutout Dimensions:	10 1/4" H 8 1/8" W
Bezel Dimensions:	11 3/8" H 9 1/4" W
Depth Behind Wall:	3 1/4"
Finish:	Matte white (paintable)
